

QUALITY POLICY STATEMENT

As a business Worldwide Fruit is dedicated to quality and committed to supplying our customers with safe wholesome food that meets their individual codes and policies as well as all current food safety legislation.

It is our aim to act responsibly in our commercial and trading activities. We work alongside our suppliers across the world to maintain, develop and improve standards. We have detailed supplier guidelines that cover all aspects of due diligence from ethical trade, environment, food safety and quality.

We aim to be our customer's first choice supplier by providing a high level of service, product management, and quality. We are totally passionate about our products and committed to innovation and development and the future sustainability of our industry.
